

CALL FOR ABSTRACTS!

2023 AEESP Research and Education Conference

Northeastern University
Boston, MA
June 20–23, 2023

<https://aeesp2023.sites.northeastern.edu/>

We are pleased to announce the **Call for Abstract Submissions** for the **2023 Association of Environmental Engineering and Science Professors (AEESP) Conference** which will be held in Boston June 20-23, 2023.

In accordance with the conference theme - "**Responding Together to Global Challenges**" - the Conference Planning Committee is seeking oral and poster presentation abstracts representing the efforts of environmental scientists, engineers, and health experts in responding to challenges in an increasingly dynamic and uncertain world. Abstracts for presentation on any topic of interest to the community will be considered, with conference sessions organized around major global challenges, including:

- A changing climate
- Current and emerging threats to environmental quality and human health
- New education and workforce demands
- Aging infrastructure and risks to lifeline systems
- Marginalization of communities
- Emerging topics (to be added based on submissions received)

Abstracts are due February 15, 2023. For more information on the conference and abstract submission please see visit <https://aeesp2023.sites.northeastern.edu/>

The Conference Planning Committee looks forward to receiving your abstracts and to welcoming you to Boston in 2023!

For more information please contact aeesp2023-questions@listserv.neu.edu or:
